<b>24.</b> A. so	B. ever	C. too	D. even	
<b>25.</b> A. grow	B. grew	C. growing	D. grown	

#### VI. Read the film review, and decide whether the statements are True or False.

#### **TORNADOES**

Did you ever see the movie *The Wizard of Oz*? A tornado sweeps up Dorothy and Toto, sending them to a new world where there are witches and talking lions! That entire story is fiction, but tornadoes are real and they are serious business. In fact, they can be the most dangerous storms of all.

Tornadoes are sometimes referred to as twisters or cyclones. They are shaped like a cylinder. They are born in thunderclouds. The winds inside a tornado swirl around and around and can be more than 300 miles per hour (mph). The winds are so strong that tornadoes can lift animals, cars and even houses.

The United States has more tornadoes than any other country in the world. State such as Texas, Oklahoma, Kansas, and Nebraska are hit hard by tornadoes. This part of the country is known as "Tornado Alley". Tornado season is during the springtime and summer. If the conditions are right, a tornado can happen any time of year.

- **26.** Tornadoes are sometimes referred to as twisters or cyclones.
- **27.** They are formed in thunderclouds.
- 28. The winds inside a tornado can be more than 500 miles per hour (mph).
- **29.** The winds are not strong enough for tornadoes to lift animals, cars and even horses.
- **30.** Tornado season is during the springtime and summer.
- VII. Write the sentences with the same meaning to the first ones. Use words given.
