**Questions 19-21. Read the text and circle the letter A, B, C, or D to indicate the correct answer to each question.**

Stonehenge is one of the world's most famous monuments. It is a circle of huge stones in the south of England. People started making it 5,000 years ago, but they took over 1,000 years to build it. If you visit Stonehenge today, you will see many stones still standing, but it is a mystery how people brought them there. The stones are very heavy: the smaller stones are about 3,600 kilograms each, and the bigger ones are about 22,000 kilograms! Archaeologists believe that people carried some stones 32 kilometres, but it is possible that the bigger ones came from 225 kilometres away in Wales. They think that people carried the stones to a river and put them on simple boats. They then took them to the stone circle.

**Question 19.** Which statement is TRUE according to the text?

- A. Stonehenge is in the north of England.
- B. People finished building Stonehenge 5,000 years ago.

**Questions 22-24. Read the following text.**

It was a rainy day, and Ben felt very bored. He was ten years old and loved playing outside, but today he had to stay inside. His little sister, Lily, who was seven, felt bored too.

Their mother gave them a large box of old clothes and hats. "Why don't you play dress-up?" she suggested. Ben and Lily thought it was a great idea. They put on funny hats, silly glasses, and old coats. Ben pretended to be a pirate, and Lily acted like a princess.

They created an adventure in the living room. The sofa became a pirate ship, and the coffee table turned into a treasure island. They laughed and played for hours, inventing stories and finding hidden treasures.

When their mother returned, she smiled and said, "It looks like you had a lot of fun!" Ben and Lily agreed. The rainy day turned into a wonderful adventure indoors.
