Keeping fit and healthy may seem difficult, but there are a few easy-to-follow guidelines. Firstly/a balanced diet is absolutely essential. This means selecting food that is low in salt and sugar. Experts recommend reducing the amount of fat in your diet because too much can lead to heart problems. They also suggest increasing the amount of high-fiber food we eat. This comes in the form of fresh fruit, vegetables, wholemeal bread and pasta. As well as being packed with vitamins and minerals, they are delicious too. Secondly, it's important to do exercise in your daily routine. This can be done by simply walking as much as possible and climbing stairs instead of taking the lift. Exercise is beneficial to maintaining a healthy body, increasing energy levels, and making you feel generally fitter and happier. Finally, staying relaxed is important for good health. Too much stress can lead to a variety of illnesses, from headaches to high blood pressure. Whenever possible, do things you enjoy and treat yourself occasionally. So the message is simple - enjoy yourself but learn to respect your body too. It's all a question of getting the balance right.
